

RehaCare International Dusseldorf, Germany, October 2005

REHACare is the world's top trade fair for those with special needs and those requiring care - and a must for anyone seeking complete information in the field. Attracting some 900 market leaders and newcomers plus an expected 50,000 visitors, RehaCare is the main generator of new ideas for the industry each year.

Autoadapt was represented by many dealers from all over the world. Ola Winsnes, Sales representative and Peter Wahlsten, Marketing Director from Autoadapt had busy days during the exhibition with showing the new product "Carony Go". Carony Go is an electric powered transport wheel chair and is to be launched by mid-2006. Their ambition was to meet as many dealers as possible to get feedback on the new product but also to assist with other Autoadapt's products.

Mr Swarts Senior test drives Autoadapt's Carony Go.

This happy woman from Mercedes Benz is testing the swivel seat Turny HD 300 installed by the company "Griep-West" from Germany! The seat is the original.

Die Reha Gruppe's exhibition stand was crowded with cars. Together with BMW and Mitsubishi Die Reha Gruppe presented brochures with pictures and information about Carony, Carolift, och Carospeed. The material was very exclusive and professional!

Petri + Lehr presented a new handcontrol and a new electronic power box on the steering-wheel with auxiliary controls. An ergonomic and well designed product! Petri + Lehr also showed a Turny Orbit in a Volkswagen Transporter, a vehicle that is approved for commercial traffic.

The Zawatzky crew in front of a Peugeot 1007 with a Turny HD installed on the passenger side. Many mobility-impaired people have discovered a high seating position and gives a pleasant drive. With 92 cm wide electric sliding doors, the Peugeot 1007 is easy to get close to with a walking frame or wheelchair.

The largest exhibition stand at the RehaCare belonged to Paravan, it was huge! Their bar was much frequented after six o'clock! Up front is Roland Arnold with a Autoadapt Gold Dealer Certificate in his hand.

Many dealers did a very good job in presenting Autoadapt products; Handicapmobil showed the swivelseat Turnout and the hand control Carospeed, MS-Mobil showed a Renault Kangoo with the car seat lift Turny Orbit, the transport wheel chair Carony and two Carolifts! AMF showed a Turnout in a VW Caddy, which is a very good combination. SW-Rehamobil showed a customer car equipped with the Carosafe wheel chair tie-down.
