

The REVA fair in Ghent, May 2005

Peter Wahlsten, Autoadapt's marketing director and salesman Jonas Andersson attended the REVA fair in Ghent, Belgium, which is held every other year and shows a constant increase in the number of visitors and exhibitors. Autoadapt was represented by its dealers, Mees, Peeters and Abeco, who displayed many company products in their vehicles. Their stands were well attended and the exhibitors had their hands full describing and demonstrating the benefits and function of the various products. Autoadapt is grateful for this positive collaboration with the fair and looks forward to continuing to do excellent business in Belgium.

Sara Peeters from Peeters Mobility Center, also with a Carony 12.

Anthony Vanstenkiste from Abeco demonstrating a remote - controlled Turny on a VW Transporter

Dealer Hervé Mees from Mees Mobility Center with a Carony 12"
